

Accentuate Access forum Tyneside

Local links:

There is a lot of advice and support on disability and Deaf access available. We encourage you to start making contact with organizations in your local area.

We've put together a short list of suggestions to help get you going. Many of these websites will have links to other information sources, clubs and groups. hopefully they will be able to advise you on ways to market your events to Deaf and disabled people as well as presenting an opportunity to have conversations about how to potentially involve Deaf and disabled people in your events, find access resources and discuss ways to get your audience to your events.
